

South Huron District High School

What are you supporting the Me to We Global Village to accomplish this year?

This year the Me to We Global Village group is participating in efforts to assist the Food Bank, Christmas Bureau, Jessica's House, assisting families overseas and providing school supplies to indigenous people here in Canada.

Join us in celebrating a Year of Empowerment and helping families near and far!
We can't do this alone!

One small effort, one small group, working to make a big difference.

What is VISTA?

VISTA is a fundraiser that asks you to pay for your everyday purchases (groceries, gas, household items, etc.) with gift cards bought through the VISTA program.

How does VISTA work?

When you buy a gift card a percentage of the card value is donated to the Me to We initiatives for the year.

You do not have to sell any merchandise. Your only commitment is to use gift cards instead of money when making your everyday or holiday purchases.

Example of how your purchases can earn revenue for your organization.

If one family spends approximately \$500.00 per week on groceries, gas, clothing, dining and entertainment, this translates into an average yearly expenditure of \$26,000.00 or approximately \$ 1,500.00 in revenue per family (based on average rebates).

How do you participate?

Simply fill out the order form for the gift cards you would like to purchase and enclose the amount of money for the value of the cards. Your order will be ready for pick up on Dec. 6 and will be distributed to your child during their home room class that day, or will be available for pick up in the main office at the end of the day.

Step 1 Fill out the Order Form for the gift cards that you require and hand in to the office at SHDHS by Nov.22nd. There is no minimum required so only order the cards that you need.

Step 2 Your filled order will be ready for pick up on Dec.6th.

Step 3 Use the gift cards instead of cash for your household purchases or gifts.
